## SUMMARY

Rubem Alves relates events and experiences in life where God, religiosity, love, beauty and the meaning of life are always present. They are his *Transparencias of eternity*, a collection of poetic and spiritual chronicles in which the author draws transparent and multicolor stained glass windows, using as raw material the existence and the multiple faces of God.

In this book are collected texts that masterfully comprise both a profound knowledge and the major existential questions of humankind. The texts flow with a simplicity of rare beauty, and the result could not be better: spirituality is presented through a new lens, attracting, instigating and enchanting readers who want to broaden their horizons. 

## AUTHOR

*A pedagogue, poet, philosopher, theologian and psychoanalyst, Rubem Alves is one of Brazil's most respected intellectuals. He is a prolific writer—with more than fifty titles in different languages—and one of the most brilliant craftsmen of the Portuguese language. In his texts the plasticity of the language achieves varying forms and expressions of rare and always surprising uniqueness.*

*«Rubem Alves is passionate about life, a compulsive enjoyer of life. He has not written yet all the books he has in his thoughts. Neither has he felt, loved, and played enough. He has not told his grandchildren all the stories that they might imagine, nor experienced all the absences and saudades. Neither has he beheld all the mysteries of the world and of himself... Many of those who admire him believe that he has a secret pact with eternity» (Ademar Ferreira dos Santos). *
